

Rally for Rails

Sunday
December 5 12-1 PM
Waterloo Public Square

Don't Derail Our Future

Waterloo Region plans to build a fast, efficient, and cost-effective **Light Rail Transit system** along the King St. corridor — connecting Downtown, Uptown, the universities and Grand River Hospital, the malls and R&T Park: a **backbone to support continued growth**.

Now concerns about cost **threaten to derail** this crucial infrastructure project.

Bring your friends and **join us** for an hour of fun in Uptown Waterloo to **show your support** for Light Rail Transit in Waterloo Region.
